

# SPEEDKLEEN

- Buffable floor cleaner/maintainer
- Ideal for spray cleaning
- Efficient and easy to use

## Product Information

### DESCRIPTION:

Speedkleen is a buffable floor cleaner and maintainer offering easy, efficient cleaning and protection to hard floors. Contains a blend of detergents and slip retardant polymers. Non-dusting and pleasantly perfumed.

Speedkleen is suitable for sealed/coated wood, cork, vinyl, thermoplastic, linoleum, sealed asphalt, magnesite and composition (Granwood).

### INSTRUCTIONS:

Speedkleen can be used as the sole maintenance treatment, however, for best results the floor should be treated with a good quality emulsion polish, e.g. *Granwax Tufsheen*, *Granshield* or *Acrylic Emulsion*. Please note that polish or dressings should not be applied to floors used for any type of sporting activities.

Sweep floor thoroughly to remove dust and dirt deposits.

**SPRAY CLEANING:** Dilute Speedkleen 1:40 parts water. Spray floor lightly with solution in workable sections and then burnish using rotary floor machine and appropriate grade of floor maintenance pad. This will enhance the surface and remove scuff marks.

**GENERAL CLEANING:** Damp mop using a solution 1:20—1:80 parts water, depending on condition/soiling of floor. When dry, burnish if required.

### STORAGE:

Store in a cool, dry place. Protect from frost. Keep out of the reach of children.

### HEALTH AND SAFETY:

For full health and safety information, please refer to the product Material Safety Data Sheet.

*The information provided herein is correct to the best of our knowledge. No liability for any errors or omissions is accepted. You should satisfy yourself by appropriate trials that the product is suitable for the intended use. Granwax Products Ltd can accept no responsibility for any loss as a result of any person placing reliance on any material contained herein.*
