

1 PREPARE 2 TREAT 3 MAINTAIN

COMMERCIAL SOAP

Universal floor cleaner

Effective care and cleaning of all floors. High resistance to stains, spills and wear.

Effective cleaning

Easy and fast cleaning. Particularly suitable for large flooring areas exposed to frequent cleaning.

Easy to use

May be used both manually and with machine. Especially suitable for the professional cleaning industry.

Indoor climate labelled

Ensures a good working environment during application. Does not harm indoor air quality. Free of perfume and additives.

PRODUCT DESCRIPTION

Commercial Soap may be used for the cleaning of wood, regardless of wood species and surface treatment, as well as for tiles, vinyl and stone surfaces etc. The soap is especially suitable for frequently cleaned wood floors.

APPLICATION AREA

For cleaning of wood, regardless of wood species and surface treatment, as well as for tiles, vinyl and stone surfaces etc.

Product information

Coverage: 320-400 m²/L

Packaging: 5 L

Colours: Natural

WORK DESCRIPTION

Preparation

Very dirty floors may be cleaned with WOCA Intensive Wood Cleaner first.

Use WOCA Wood Stain Remover for particular stubborn stains.

Use WOCA Tannin Spot Remover to remove black spots caused by tannin/water reaction.

CLEANING

TREATMENT

- 1 Mix 250 ml Commercial Soap with 10 L of water for the daily cleaning.
- 2 Wash the floor lengthwise the wood grain. For best results, use two buckets: one with soap water and the second with clean water to rinse the dirty mop.
- 3 It is important that no water is left on the floor. Use only little water to obtain a satisfactory result.

Commercial Soap can also be used in a floor washing machine. See technical data sheet for further information.
